Company Introduction

Founded in 2015 and headquartered in Dammam, Cobalt Core General Contracting has grown into a dynamic force in the construction and industrial services sector. We specialize in delivering quality industrial construction, skilled and semi-skilled manpower, supplying high-quality industrial materials, renting heavy and specialized equipment, and providing reliable transportation solutions. Our portfolio spans civil construction projects and comprehensive MEP works, ensuring seamless integration of mechanical, electrical, and plumbing systems across diverse developments.

For the past 10 years, our unwavering commitment to excellence and customer satisfaction has earned us the trust and admiration of our clients. At the heart of our success is a powerhouse team of highly qualified professionals—including Civil, Electrical, and Mechanical Engineers, expert Technicians, and dedicated semi-skilled workers—who bring precision, innovation, and reliability to every project we undertake.

We aim to be a trusted pillar in the Kingdom's journey of progress, contributing to its growth across diverse sectors through excellence in manpower solutions, civil construction, and MEP works. Our vision is to become the go-to name for businesses and organizations whenever they seek a reliable partner for skilled workforce, infrastructure development, and integrated mechanical, electrical, and plumbing services.
